RE: Bridal Veil Mountain Resort Project

Dear Ms. Goad,

I recently heard about the Bridal Veil Mountain Resort Project and wanted to write in support of this endeavor. It is a wonderful idea and something that would greatly benefit the Fraser Valley, City of Chilliwack and British Columbia in general. I can see the creation of many jobs and the synergy between the indigenous population and the group behind this project. I would very much like to see this come to fruition and fully support having this new destination spot created.

Sincerely,

Cindy Tsai
Burnaby, BC Resident
