Dear Jennifer,

I'm avidly involved in the sport of tennis. Having played at an International level and NCAA Division 1 tennis in the United States and representing Singapore in the Davis Cup, I can attest to the value of having top sports facilities to foster the development of world class athletes.

Consequently, I can see that with the development of BMVR, it will undoubtedly bring a significant impact to not only the First Nations community and economic impact to British Columbia to the valley but a strong impact in developing the next level of world class athletes in the sport of skiing creating the next generation of winter sports athletes.

Having lived in Vancouver, I can see the advantage this project development will have for the entire region and the province of British Columbia and I fully encourage the government to support it.

Please accept this letter of support for Bridal Veil Mountain Resort project.

Sincerely,
