Re: Bridal Veil Mountain Resort Project

Dear Ms. Goad,

The Bridal Veil Mountain Resort Project not only sounds like a wonderful opportunity to create thousands of construction jobs in the Fraser Valley, but also thousands of new permanent jobs in the BC tourist industry, particularly for the residents of Chilliwack and the indigenous communities in this area. The added financial boost to existing businesses will also be beneficial to business owners. British Columbia has discovered yet another gem to share with the world. I hope to see the completion of this project in the near future.

Sincerely,

Kari Kinley
