**RE: Bridal Veil Mountain Resort Project**

Attn: Ms. Jennifer Goad

Dear Jennifer,

A friend had introduced me to a new project in Chilliwack under the name Bridal Veil Mountain Resort consisting of two sightseeing gondolas and an all-season ski resort on Mt. Cheam. I would like to say that this project is not only exciting but a wonderful opportunity to bolster the economy in BC by creating new jobs and providing more destination spots for tourists to come visit in Vancouver. Currently Whistler and other mountains on the North Shore provide much of the skiing and gondolas in Vancouver but having an alternative spot in such a beautiful setting such as Chilliwack would be absolutely beautiful and do wonders for our economy.

I am in full support of the Bridal Veil Mountain Resort Project and would very much like to see this project move forward and urge the government to endorse it.

Sincerely,

Luke Kuroko  
Vancouver, BC
