RE: Bridal Veil Mountain Resort Project

Attn: Ms. Jennifer Goad

Dear Ms. Goad,

I have lived in Vancouver for the past 25 years coming from Hong Kong originally and I have never seen more beautiful nature than in the Fraser Valley. I was introduced to this project by a friend and when I heard that the city of Chilliwack could be the destination of a potential ski resort and tourist gondolas, it confirmed to me why the lower mainland is most beautiful and scenic area in the world. I don't have children but love going to Chilliwack to enjoy the hiking and nature all around. I love to ski and being a little over 1 hr from Richmond, BC, I now could have a ski resort to enjoy during the winter months. I am excited and hope you and your team at the Provincial government will choose to approve the Bridal Veil Mountain Resort project as this would be something I would most definitely use all year round.

Best regards,

Michele Lee

Richmond, BC
